Institutional Distinctiveness 2018 – 2019 Education to All

Seth Kesarimal Porwal College, Kamptee was established in the year 1964 by the striving efforts of the founder President Shri. Nemkumarji Porwal with a vision to cater to the need of the education of the rural, economically and socially backward classes of the society. Earlier there was no institution in Kamptee area for higher education and it was quite difficult for the poor students to pursue their higher education. Students from lower middle class family used to go all the way to Nagpur for the further education. Girl students were also deprived of higher education since there was no college in Kamptee and the parents of the girls were not comfortable to send them to Nagpur on account of economical and their safety issue. Keeping these things in mind, Shri. Nemkumarji Porwal established this college with the motto 'Education to All' and this has become the regular policy of the college till date. To fulfill this motto, the students have been given admission in the college without caring much about their achievement in school examinations. No one is denied admission in the college in this rural region and many of the students are found to be the first generation learners group. But credits should be given to the teachers of the institute who could mould the students which are reflected in the results of the college that is at par with the results of Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur.

The college has framed the vision and mission for the all round development of the students in which 'Education to All' has been thoroughly emphasized. Education is the only source for the rural and poor students to eliminate poverty. It also promotes social inclusiveness and communal harmony. The institution looks forward to the all round development of the students, so that they may become aware of the social commitments. The college also takes care of such few students who are coming from economically weaker sections by waiving off the fee and giving them concession in remitting the annual clearance dues. Students aspire to seek admission in sports quota, are also given concession in fee. Students are also time to time informed about the various scholarships other than GOI scholarship. Teachers from various departments have also started merit scholarship to motivate the students to excel in the examinations.
