#### **Imparting Education to All**

Education for all is an international initiative to bring the benefits of education to every citizen of every society. Earlier there was no institution in Kamptee area for higher education and it was quite difficult for poor students and girls to pursue their higher education. Keeping these things in mind, Shri. Nemkumarji Porwal established this college with the motto 'Education for All' and this has become the regular policy of the college till date. To fulfill this motto, students have been given admission in college without caring much about their achievement in school examinations. Every eligible student is given admission in the college and many of the students are found to be the first generation learners group. The college also takes care of such few students who are coming from economically weaker sections by waiving off the fee and giving them concession in remitting the annual clearance dues. Students aspire to seek admission in sports quota, are also given concession in fee.

During COVID-19 Pandemic period, teachers put their extra efforts for motivating the students for online education and making them comfortable with the ICT tools used in the online teaching-learning process.
