वृद्धाला २.९८ लाखांचा चुना

नागपूर : महानगर पालिकेत तक्रार करण्यासाठी एका वृद्धाने गुगलवर नंबर शोधला. काही वेळाने त्यांना सायबर गुन्हेगाराचा फोन आला. महानगर पालिकेतून बोलत असल्याची बतावणी करून आरोपीने मदतीच्या बहाण्याने वृद्धाला २.९८ लाख रुपयांचा चुना लावला. या प्रकरणी सायबर पोलिसांनी अजय वसंत वैद्य (६०) रा. मनीषनगरच्या तक्रारीवरून अज्ञात आरोपीवर गुन्हा नोंदविला आहे. गत ४ ऑगस्टला वैद्य यांनी त्यांच्या अपार्टमेंटमधील झाडे आणि पाने छाटली होती. मात्र मनपाच्या स्वच्छता कर्मचाऱ्यांनी तो कचरा उचलला नाही. त्यामुळे मनपाकडे तक्रार करण्यासाठी त्यांनी गुगलवर नंबरचा शोध घेतला.

The program was attended by a large no of faculties and Students. The program was conducted by our own students Ms Vaibhavi Sayare and Ms Simran Barve Proposed the vote of thanks. Outcome of Activity Students are made aware about the happiness goal,with regard to happiness, students do not have a very good sense of what strategies will improve emotions. they often fail to understand the nuances that can make an otherwise effective happiness skill fail. And, we can't help but think we understand the basic processes of happiness skills that are popular in the media. But learning happiness skills is tough. We have to be careful and tread lightly.

<p>Department of Biochemistry of Seth Kesarimal Porwal College, Kamptee organized a seminar on “COMPETITIVE EXAMS AND FUTURE PROSPECTS IN LIFESCIENCES” on Dated 25th January 2024 in collaboration with Dr Ambedkar College, Deekshabhumi, Nagpur. Students enthusiastically participated in the event. total 46 students attended and were benefitted. The session started with a welcome note and compeering by Ms Nausheen Fathema, She further addressed the gathering and introduced the speaker. The session was then continued by the eminent speaker Dr Utpal Dongre, Head Department of Biochemistry, He gave a brief introduction by quoting James Clear ‘many people think they lack motivation when what they really lack is clarity’. The session continued with a fun filled activity by mapping various life-science job choices that students preffered. Furthermore, he classified the jobs into classic and non classic jobs. He explained how non classic job choices were easily ignored. He briefed each and every job choices and enlightened us about various fields. The guest speaker elaborated were aspects like Choosing what to study after B.Sc by making critical and career-defining decisions. He stressed that unfortunately, too many students begin career planning at the last minute and end up choosing paths that are popular, but not suited to their aptitudes. Therefore, it is important to begin early and to know what options lay ahead of you after their degree so that they can make an intelligent and calculated decision. Students often miss out on potentially great career choices due to lack of timely information.</p>			
Feedback			
The audiences were satisfied by the session which provided them with an insight about various job opportunities.			
Outcome of Activity:			
The lecture was a thought provoking one for the students and emphasized on the importance of a long term goal and the things to be kept in mind while achieving it. The students gained information about various opportunities available to them after their graduation. As the students at a juncture where they will take major decisions about their career choice and higher education the knowledge learnt for the lecture will prove to be extremely useful. The final take away from the lecture is a career choice should always focus on the happiness and satisfaction one achieves at the end of the day rather the focus being mainly on the monetary benefits one reaps out of it.

The purpose of the educational tour was to create interest in the field of Microbiology and to provide practical exposure to the various departments of University. Educational tours provide an opportunity for learners to engage in hands-on, experiential learning that complements classroom learning. During the tour, the students were able to visit various departments and research labs of university, including the Immunology Department, Molecular Biology Department, and Epidemiology Department. The students also had the opportunity to interact with the staff and researchers at university and learn about their ongoing research projects. In the Microbiology Department, the students were given a detailed presentation on the various types of microorganisms, their characteristics, and their role in causing diseases. They were also given a demonstration on how to culture and identify different types of microorganisms. In the Immunology Department, the students learned about the human immune system and how it fights against infections. They were also given a demonstration on how to isolate and characterize different types of immune cells. In the Molecular Biology Department, the students were introduced to the techniques used in genetic engineering and gene therapy. They were also shown how to extract and analyze DNA from different sources. In the Epidemiology Department, the students were given an overview of how diseases spread and how they can be controlled through various preventive measures. Overall, an educational tour at a research institution can provide students with a valuable learning experience that complements their classroom studies and helps to prepare them for future academic and career opportunities.

Conclusion

An educational tour can be an enriching and valuable experience for students, providing them with an opportunity to learn in a hands-on and immersive environment. The conclusion of an educational tour should emphasize the key takeaways and learning outcomes of the experience. In the conclusion of an educational tour, it is important to recap the main activities and experiences of the tour, highlighting the most significant learning moments. This may include new knowledge gained, skills developed, or insights into a particular field or industry. The conclusion should also emphasize the importance of the educational tour and its relevance to the students' academic and career goals. This may include discussing how the experience has inspired students to pursue further studies or careers in related fields, or how it has broadened their understanding of a particular subject. Finally, the conclusion should encourage students to continue learning and exploring outside of the classroom, and to seek out new experiences that can enhance their knowledge and skills. The goal of an educational tour is to inspire lifelong learning and growth, and the conclusion should reinforce this message and encourage students to continue their educational journeys.

<p>सेठ केसरीमल पोरवाल महाविद्यालयाच्या समाजशास्त्र विभागाकडून सर कस्तुरचंद डागा बालसदन, बालगृह, अनाथालयाला भेट देण्यात आली. सर्वप्रथम अनाथालयातील अधीक्षक श्री. पी.एस.लुटे यांना भेटून अनाथालयातील मुलांची माहिती घेतली. त्यांच्या सांगण्यावरून तेथील समाजसेविका सरोज गायकवाड यांना भेटून समोरचा पूर्ण कार्यक्रम आखला व संपूर्ण माहिती जाणून घेतली. अनाथालय सन 1966 मध्ये सुरू झाले त्यांचे नाव हिंदू अनाथालय होते व नंतर स्वामी विवेकानंद बालसदन ठेवण्यात आले त्यानंतर सन 2016 ला सर कस्तुरचंद डागा हे नाव ठेवण्यात आले. त्यांनी सांगितले की या अनाथालयात अनाथ मुलं ज्यांचे आई वडिल सांभाळ करू शकत नाही ते स्वतः मुलांना सोडून जातात. काही भटकलेल्या अवस्थेत येतात. येथे येणारी सर्व मुले ही बाल कल्याण समीतीतून येतात. सद्यास्थित 0 ते 12 वयोगटातील 22 अनाथ मुले मुले-मुली येथे वास्तव्यास आहेत. येथे हा प्रयत्न केला जातो की जे पूर्ण पणे अनाथ आहेत ज्यांचे आई वडील नाही अश्या मुलांना लवकरात लवकर दत्तक करवून घेणे हा त्यांच्या उद्देश असतो कारण 12 वर्षापर्यंतच तिथे हे मुले मुली राहू शकतात. लहान असले की दत्तक करिता समस्या जास्त निर्माण होत नाही व मुलं ही आपली मानसिकता तयार करून घेतात की आई वडिल पाहिजे व त्यांची खरंच त्यांना गरज आहे ही सर्व माहिती सरोज मैडम ने दिली. त्यासोबतच येथील मुलांना विदेशात ही दत्तक घेतल्याची महत्वाची माहिती दिली. विद्यार्थ्यांनी विचारलेल्या प्रश्नांची उत्तरे ही सरोज गायकवाड मैडम ने दिली. विद्यार्थी अनाथालयातील मुलांना भेटली व त्यांना प्रश्न विचारले व त्यांच्या समस्या जाणून घेतल्या व त्यांना चौकलेट, बिस्कीट, वेफर्स, फळे इत्यादी खाद्यपदार्थ वाटले.</p>
